

ANNUAL REPORT

2024

Scaling up along the coast of Mozambique

2024 at a glance

Who we are

The Mozambican Recycling Association (AMOR) is a non-profit organisation founded in Maputo in 2009 to promote and organise waste recycling in Mozambique, working with communities, schools, local and national authorities and the private sector.

Vision: a clean, healthy and prosperous Mozambique with a circular and inclusive economy.

28

community recycling points created

35

school recycling points · 38,500+ pupils

15

municipalities reached

4

offices: Maputo, Vilankulo, Beira, Pemba

In 2024 AMOR moved from pilots to scale. Three new coastal projects started within the same year, and our civil society programme reached every one of its nine municipalities – despite a difficult post-electoral period that forced many of our trainings online.

Funded by the UK Government and supported by the Ocean Risk and Resilience Action Alliance (ORRAA), the **Coastal Waste Resilience in Mozambique (RRCM)** project set out to remove 1,000 tonnes of waste from the coasts of Pemba, Beira, Vilankulo, Inhambane and Maputo, while building the capacity of local associations. With UNDP's GEF Small Grants Programme we launched **Matutuine Limpo** in the Maputo Environmental Protection Area, and with the Embassy of France the **Pescador-Catador** project with fishing communities.

Our digital platform KOLEKT passed 4,500 registered users, and AMOR received the Friedlander “Ma Petite Planète” social responsibility award. Above all, 2024 showed the strength of our network: dozens of local associations, schools and municipalities now work alongside us.

Thank you to everyone who made this growth possible.

Programmes and results

Coastal Waste Resilience in Mozambique (RRCM)

UK GOVERNMENT · ORRAA

Started in January 2024 for two years, covering six municipalities in four provinces. The project was officially launched in Beira in July and combines waste purchase from communities, KOLEKT traceability, capacity building of local CSOs and Ocean Bound Plastic certification. The first waste purchase in Pemba removed more than two tonnes from Paquitequete beach in November.

Matutuíne Limpo & Pescador-Catador

UNDP / GEF SGP · EMBASSY OF FRANCE · APA MAPUTO

Two complementary projects in the Maputo Environmental Protection Area. Matutuíne Limpo, launched in September, targets 100 tonnes of coastal waste and 2,800 people in Ponta do Ouro, Ponta Mamoli and Ponta Malongane. Pescador-Catador helps artisanal fishing families diversify their income through waste collection, recycling and upcycling.

Eco-Civismo Moçambicano

EUROPEAN UNION · HORIZONT3000, ADA, SEI SO FREI, LINSI FOUNDATION

Eco-clubs were set up in schools in Pemba (10 schools), Vilankulo (8 schools), Chimoio and Sussundenga. CSOs from Pemba to Maputo were trained in digital tools, gender and environmental advocacy, project and financial management and fundraising; Green Tables drafted local environmental action plans, and five CSOs in Dondo received computers.

AMOR, through the Matutuíne Limpo project, is committed to continuing to promote environmental awareness in communities.

Floyd Margara, Matutuíne Limpo project manager

HIGHLIGHTS

The year in pictures

Jan	Start of the RRCM coastal waste project (UK Government / ORRAA).
Jul	Official launch of RRCM in Beira.
Aug	Friedlander “Ma Petite Planète” social responsibility award (MZN 142,000); eco-club sessions in Vilankulo schools.
Sep	Launch of Matutuine Limpo (UNDP) at Ponta Mamoli; 3,500 kg collected in Sussundenga; World Clean-up Day in Pemba and Ponta do Ouro.
Oct	Digital, social media and finance training for CSOs in Dondo; computers donated to five local associations.
Nov	KOLEKT results event with EU Africa RISE and Topack; first RRCM waste purchase in Pemba; CSO trainings in Pemba, Sussundenga, Inhambane and Vilankulo.
Dec	Biochar and briquette training for CSOs in Beira, Dondo and Gazene; Green Table action plans in Vilankulo, Inhambane and Maputo.

Income by funding partner – 2024

The table below reproduces Annex 1 of the minutes of the Ordinary General Assembly No. 16, which presents the fiscal income received by AMOR from its institutional partners.

FUNDING PARTNER	AMOUNT (EUR)	AMOUNT (USD)
Italian Cooperation	198,200.00	211,473.29
Embassy of France	25,878.19	28,925.66
European Union	1,186,327.00	1,316,006.09
ORRAA	446,150.10	499,935.00
UNDP	8,946.44	10,000.00
Total	EUR 1,865,501.73	USD 2,066,340.04

SHARE OF TOTAL INCOME (EUR)

Financial management. Each project is managed through a dedicated bank account and is audited individually; audit reports are shared directly with the respective donors. The General Assembly reviewed and unanimously approved the statement of execution of expenditure.

AMOR's invoices and donation receipts are recognised by the Mozambican tax authorities for tax-exemption purposes.

Ordinary General Assembly

Minutes No. 16 · Held on 1 February 2024 at AMOR headquarters, Maputo · Session 08:45–11:10 · Chaired by Stéphane Temperman (President of the Board of the General Assembly) with Deonísio Reis Vasconcelos Ussaca (Vice-President) · A majority of members was present and the Assembly was validly constituted.

Main resolutions

- 1 The 2023 activity report was approved unanimously, after questions from members were answered.
- 2 The members unanimously approved the statement of execution of expenditure.
- 3 The Director-General presented a progress update on AMOR's activities.
- 4 Priorities for 2025: continue fundraising to implement projects, especially along Mozambique's coast, and strengthen digital tools for waste monitoring.
- 5 Honorary membership remains open to industries voluntarily engaged in the circular economy.
- 6 The administrative structure will be strengthened by hosting interns from organisations that finance professional internships.

Members of the General Assembly

Stéphane Temperman · **President of the General Assembly**

Anatólia Lisa Francisco Langa

Epifânia de Solenia Jorge

Zaida Júlio Chimunuane

Vânia Sara da Silva Costa

Deonísio Reis Vasconcelos Ussaca · **Vice-President**

Tomás Pascoal Chirindza

Helena Noa Mula

Fernanda Lizamara da Silva Campos

Sungai Chingava

Mónica Carlos Mabuie

Priorities for 2025

- Fundraising for coastal projects
- Digital waste-monitoring tools
- Honorary members from industry
- Stronger administrative team (internships)
